

SHORELINK

Safety first

A safe and stimulating workplace

- Daily focus on safety
- Risk assessments
- Everyone participates

Vision

The link for the modern industry.

Mission

We deliver logistics solutions to develop the communities of the future.

Goal

In 2025, we will be Sweden´s most efficient and sustainable port operator.

In 2030, our operations will be fossilfree.

Innovative

Responsible

Caring

We are ready for the challenge

Mining

Steel production

Forestry/pulp and paper

Energy production

Logistic solutions.

The link for the modern industry.

We operate in the northernmost ports of Sweden

Used to arctic climate

Experience since 1889

Focus on our customers
